

BETTER POLICIES FOR BETTER LIVES

OECD-Korea Policy Centre, Competition Programme WORKSHOP ON

TELECOMMUNICATIONS AND ICT SECTORS

The objective of the workshop is to discuss the competition policy issues that are specific to the telecommunications and the electronic communications / information and communication technology sectors. That means that the workshop will look at some of the main regulatory and enforcement issues in these sectors, in particular of a more structural nature, including merger control and markets structures as well as standard setting and other Intellectual Property issues related to competition in these fields.

It is targeted at both competition authorities and telecoms regulators and will take place in Seoul (South Korea) from 15-17 September 2015.
